

# Multiprobe Switchbox

## For Handheld Thermocouple Thermometers

- ✓ 6 Inputs with Rotary Selector
- ✓ Works with a Wide Variety of Handheld Meters
- ✓ Two-Position Output Connector for Single and Dual Input Thermometers
- ✓ Available for J, K and T Calibrations

The HH20SW is a compact, economical switchbox that lets you use your handheld meter with up to 6 probes. A subminiature connector mates quickly and easily to most handheld thermometers, and can slide from side-to-side for use with single and dual input thermometers.

The HH20SW accepts 6-subminiature (SMP) male thermocouple connectors; a rotary switch lets you select the input channel quickly and easily. The HH20SW will operate with many thermocouple handhelds.

### Specifications

**Operating Ambient:** 0 to 50°C; less than 90% RH to 35°C; reduce RH limit by 3%/°C from 35 to 50°C

**Connectors:** 1 male, 6 female subminiature thermocouple connectors, type SMP

**Dimensions:** 127 H x 71 W x 38 D mm (5 x 2.8 x 1.5")

**Weight:** 341 g (12 oz)

Model HH20SW

**\$149**

Each HH20SW comes with user's manual

Model KTSS-HH miniature transition joint probes sold separately, \$29. See page L-32.

HH21 Meter and probe sold separately see pages L-33 and L-34

## High Accuracy Thermocouple Calibrator

Model CL25

**\$795**

The CL25 calibrator lets you both measure and simulate thermocouples in the lab or field. Use it to take measurements and calibrate panel meters, controllers and transmitters quickly and easily. You can store up to 10 temperatures in memory for fast recall. The CL25 features an easy-to-read 5-digit LCD with custom readouts for the operating mode. Other features include °C/°F switching, 0.1° resolution, 0.1% of reading accuracy, and power-off configuration retention, where the instrument remembers the last selected thermocouple type, units, resolution, operating mode and memory contents.

For complete specifications and features, see NEWPORT's complete line of CL20 Series calibrators.

### To Order (Specify Model No.)

Model Number	Price	Description
HH20SW-(*)	\$149	Multiprobe switchbox
SMP-(*)-M	1.75	Mating male connector

\*Specify calibration: J, K, or T

Ordering Example: HH20SW-J, multiprobe switchbox, SMP-J-M, mating male connector, \$149 + 1.75 = \$150.75
